Offer & Request

Mooring Systems

We are a Worldwide leaders on components for Mooring Systems. We design, develop and manufacture Fiber Ropes with all types of fibers and steel wire ropes for mooring systems, subsea installation equipment, tethering, aeronautic and towing systems. Our presence in Oil & Gas, Mining, Special Cranes and Maritime built our track record.

Attached to the products, we can also offered our R&D expertises on our fields.

Besides all offer above, we would also look for an idea or concept to improve socketing of Fiber Ropes.

Keywords: towing fiber synthetics ropes steel wire ropes mooring aeronautic high strength fibers tethering Deep sea installation

Cooperation Offered

- 1. R&D Cooperation**
- 2. Technical cooperation**
- 3. Manufacturing agreement**
- 4. Commercial cooperation**

Cooperation Requested

- 1. R&D Cooperation**
- 2. Technical cooperation**
